

TAYANA

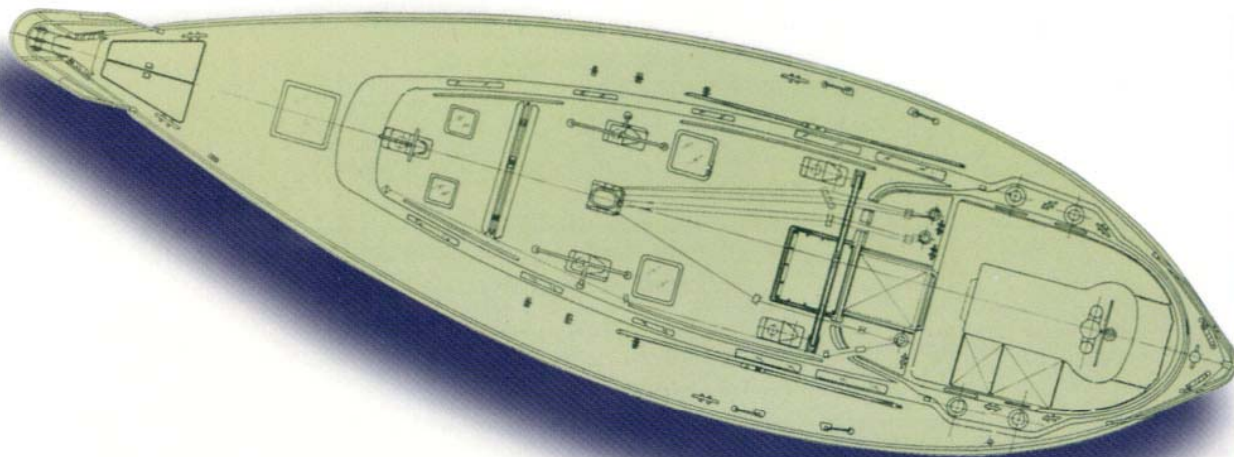

Vancouver 42

*Designed by
Robert Harris*

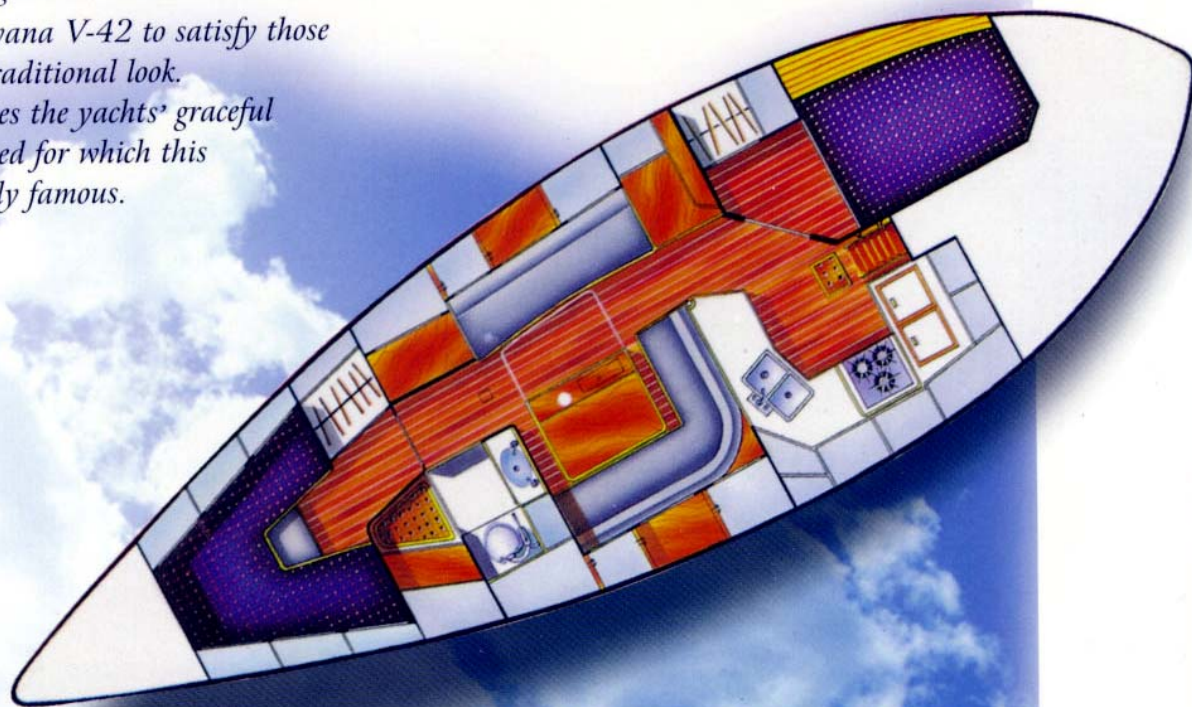

The new Tayana 42 is a contrast of function and easy maintenance above deck with rich Teak/ Spruce woods below deck. Above deck she is "overrigged" and all gear "oversized" to insure low wear and reliability for extended offshore use.

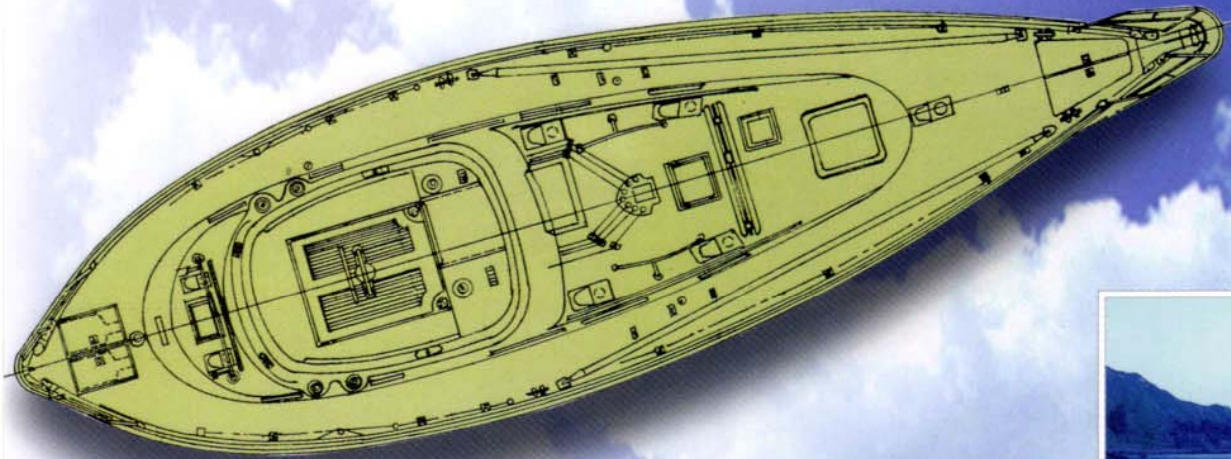

Tayana specializes in the ability to modify interiors to meet the individual needs of the "Particular" Live Aboard sailor.

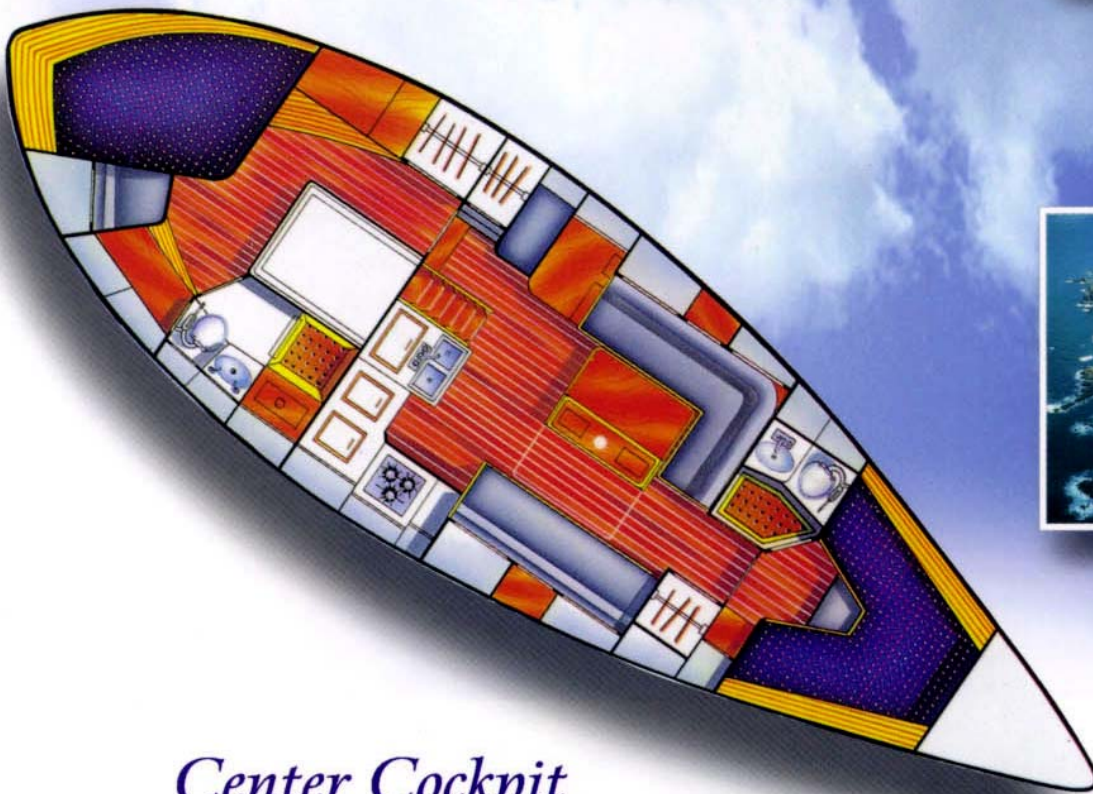

Aft Cockpit/ Trunk Cabin

Robert Harris designed the Trunk Cabin version of his outstanding Tayana V-42 to satisfy those who prefer the more traditional look. The low cabin enhances the yacht's graceful area of power and speed for which this yacht has become justly famous.

Center Cockpit 42

Center Cockpit

The Center Cockpit V-42 interior has been done in various layouts and provides Aft Cabin privacy and excellent storage for the serious offshore cruiser.
